PRODUCT TOTAL				(BEFORE TAX & SHIPPING & HANDLING)		

***NOTE: Shipping & handling charges are additional and will be invoiced at the time of shipment.** Additional applicable taxes will be added to those orders from counties/states that mandate tax be added to the cost of delivery. ISI typically ships 'best way' based on our experience with carriers. Large orders may come crated or palletized; please specify if you do not have a loading dock or if you need to set up special delivery instructions. **Installation not included.** Installation hardware may be included and shipped in a separate box. If the order is for more than one site be sure to separate out hardware as needed for each site. Installation instructions are written with your facilities department in mind however; should you need additional guidance with installation feel free to contact ISI.
